POLO

Stylish Simplicity for Modern Spaces

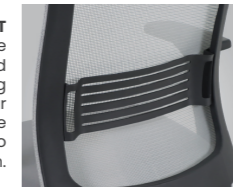

Designed with versatility in mind, Polo combines a familiar office chair silhouette with everyday practicality. Its lightweight yet durable frame fits effortlessly into training rooms, meeting zones, or open-plan workspaces. Polo proves that economically designed seating can still elevate any environment.

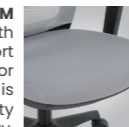

1. HEADREST
The two-pivoted headrest allows precise adjustments of the height, giving comfort and support to neck and head at the any seating position.

3. LUMBER SUPPORT
Artfully designed moulded polyamide backrest can be arched to create an excellent support for the lumbar and disperse overall pressure on the spine discs, allowing ergonomic comfort and stability. On top of that, the lumbar is made from a special flexible material, providing the lumbar with resilience, and an adjustment of height up to 65mm.

2. MESH BACKREST
Promotes greater ventilation and free airflow to the skin, while the contoured shape provides superior comfort.

4. POLYURETHANE MOULDED FOAM
High density polyurethane moulded foam comes with fire retardant feature, gives the seat flexibility to comfort user, provides great support and best comfort even for long seating hours. The black finish seat cover below is designed for greater protection to the foam, quality upholstery and user safety.

6. MULTI LOCKING MECHANISM with AUTO TENSION ADJUSTMENT
Point synchronized technology using synchronized mechanism in 4 locking positions, with 100% weight sensitivity makes no tension adjustment required. The synchronized movement is backrest 21° and seat is 7.1° ensures complete comfort.

7. ADJUSTABLE 3D ARMREST with POLYURETHANE ARMPAD
Besides adjustment of the height, the armpad also can be adjusted. The height of the armrest can adjust up to 70mm. Armpad also can be slide forward and backward to the length of 60mm with a rotation adjustment 17° inward and 17° outward to firmly support elbow and eliminate stress for extended hours of work.

8. NYLON BASE
Solid, safe and stable
5-prong nylon base provides strong stability.

9. NYLON CASTORS
60mm nylon dual-wheel castors are designed for easy manoeuvring.
